**Your time  
changes lives**

# Your time changes lives

*We are continually being inspired by the enthusiasm and commitment of our volunteers, because they make a significant difference to the daily lives of our residents.*

*Volunteering with Mission Care is enjoyable and very rewarding. Whatever your experience or availability, there are a variety of simple ways you can support our residents by volunteering your time. Some of these are outlined in more detail here. As you read on, please think about whether this may be something you would like to do.*

## Pastoral Care

Some of the ways you can support our residents with our Pastoral Team, include things such as leading or attending group activities such as Bible studies, prayer meetings or church services. You could also spend time with residents on a one to one basis reading the Bible, praying or discussing pastoral issues.

Those working with our Pastoral Team need to be a Christian and active member of their local church, accepting and agreeing with our statement of faith.

## Activities

Helping with our Activities Team, may include leading or lending a hand at a group activity such as an arts and crafts session. We really appreciate the volunteers who drive the minibus on an outing, or simply spending some time befriending residents by having a cup of tea and a chat.

## Retail

You can also support our residents by serving customers and preparing goods for sale in our popular charity shop, Brix. It is based in Chatterton Road, Bromley and the income it generates helps us further enrich our residents' lives.

## The next steps

If you feel that this is something you may like to do, please contact us at the address overleaf. We will send you an application form along with all the information you need to get started.

Once we have received your application form, we will have a chat through the volunteering options available and arrange for you to complete a CRB check as well as obtaining two references before you start.

Once you start, you will receive a full induction along with all of the training and support you need so that you can best serve our residents.

We look forward to hearing from you and welcoming you as one of our friends. You can find our contact details on the back page of this insert.
